

One-Size Fits All EPS Liner Sets

2.00" Wall Thickness

6 Pads Make one complete set

These liner sets are H-Style. A one-size Pinwheel liner can not be done.

2.00" thick liners must have 4" between the box dimensions

Dimensions can be mixed up and still work. For example, the liner for the 8 x 12 x 16 will still work if the box ID is 12 x 8 x 16 or 8 x 16 x 12

Box ID & OD are undersized intentionally for proper fit

The Box size can be determined by the liner's "Magic Number." The magic number is found by taking the wall thickness (eg. 2.00") and doubling that number, which would be 4". The box ID must have 4 inches between dimensions in order to work. (eg. 12 x 16 x 20)
