

## T&G Stucco Board

*An architectural insulation like no other®.*

Foam-Control® PLUS+® is an architectural insulation product line with high compressive strength, stable R-value, and superior moisture resistance. Foam-Control PLUS+ is a premium grade insulation manufactured to provide architects, specifiers, distributors, and contractors all the features and benefits inherent in a high quality architectural insulation.

- High compressive strength of 15 and 25 psi
- High R-value that never changes and is stable over time
- Closed cell insulation with superior moisture resistance
- High drying potential to rapidly release absorbed moisture
- Meets code for continuous insulation

### Strength/R-value.

<table>
<thead>
<tr>
<th></th>
<th>Compressive Strength, psi</th>
<th>R-value/inch&lt;sup&gt;2&lt;/sup&gt;</th>
</tr>
</thead>
<tbody>
<tr>
<td>150</td>

<td>4.4, 4.8</td>
</tr>
</tbody>
</table>

<sup>1</sup> Compressive strength @ 10% deformation.  
<sup>2</sup> R-value units are °F·ft<sup>2</sup>·h/Btu.

Project requirements vary, so Foam-Control PLUS+ T&G can be ordered in any R-value thicknesses to meet your needs.

### Proven to meet, or exceed, building codes.

Foam-Control PLUS+ is manufactured under an industry leading quality control program monitored by UL and further recognized in UL Evaluation Report UL ER11812-04. Foam-Control PLUS+ meets ASTM C578, “Standard Specification for Rigid, Cellular Polystyrene Thermal Insulation”.

### Sizes and Options.

Foam-Control PLUS+ T&G is available in a standard 1” thickness to meet most needs. Foam-Control PLUS+ T&G is typically provided in 2’ x 8’ or 4’ x 8’ boards with front side indentations for improved mechanical bonding of stucco.

---

**FOAM FACTS:**

**Foam-Control PLUS+ outperforms XPS.**

- Foam-Control PLUS+ meets high strength requirements at a lower cost
- Foam-Control PLUS+ provides a stable long-term R-value at a lower cost
- Foam-Control PLUS+ uses a blowing agent with 10 x lower global warming potential and 10,000 x lower ozone depletion
- Foam-Control PLUS+ and XPS have resistance to moisture, but Foam-Control PLUS+ has a higher vapor permeance leading to superior drying potential
- Foam-Control PLUS+ with GPerform Guard® treatment available to provide termite resistance
Performance Value.
When you consider all performance characteristics and cost, Foam-Control PLUS+ is your best choice for high strength architectural insulation.

Foam-Control PLUS+ has a high compressive strength to meet specific project requirements.

Foam-Control PLUS+ has air in its closed cells and therefore has a stable R-value. Many other insulations use blowing agents that cause R-value loss and are harmful to the environment.

Foam-Control PLUS+ is manufactured to resist moisture absorption in wetting conditions and release absorbed moisture quickly during drying periods, which means Foam-Control PLUS+ maintains R-value.

Identification.
Each sheet of Foam-Control PLUS+ is clearly marked with R-value, compressive strength, and building code compliance.

Flexible Product Options.
Foam-Control PLUS+ is available factory scored and can be snapped to produce 16”, 24”, and 48” widths.

Termite Resistant - GPerform Guard®.
One of the most destructive forces anywhere is termites. Foam-Control PLUS+ can be manufactured with Perform Guard, a proven and safe additive, that effectively resists termites.

Foam-Control PLUS+ with Perform Guard meets ICC ES AC239, “Acceptance Criteria for Termite-Resistant Foam Plastics”.

Recyclable.
After it’s life as a building insulation, Foam-Control PLUS+ is 100% recyclable. It can be ground into granules and reincorporated into new Foam-Control PLUS+ products or it can be thermally processed into a resin that’s used to manufacture other new products.

Ready to take control? Start here.
If you’re ready to have Foam-Control PLUS+ contribute to your next project, just contact your nearest Foam-Control PLUS+ manufacturer and Technical Sales Representative. They will be happy to give you design consultation, information about Foam-Control PLUS+ products, pricing, and answers to all of your questions.
